## Makan & Reflect

We went out for a family dinner to Clarkey post some fun activities in Vivo mall.

The day was well spent with my kid and wife and ended with wonderful and flavourful mexican dinner overlooking the river. This was the first time our kid really enjoyed the new flavours of mexican food as he always prefers home cooked food. Now every now and then he requests that we go for a mexican dinner. Mexican food has very similar spices used as Indian food and flavours are very similar.
