Flatbread cooked with oil along with tomato potato curry.

Makan & Reflect

Parantha with aloo sabzi is a regular food in our house specially for dinner which is easy to prepare and is filling as well. My wife and I take turns to cook the curry to change its flavours. Its a family time when we all sit together and its always a topic of debate as to who makes the best curry in the house. This is a typical north indian food preferred by all members of the house.

Get creative!
